In answer to your query concerning the procuring of Columbia records, I suggest that you contact Columbia Records, Inc., 1473 Barnum Avenue, Bridgeport, Connecticut, and request sample service. Our record librarian would be most interested in learning how you have managed to obtain Capitol and Victor records. We would greatly appreciate it if you would enlighten us in this matter.

I hope this information is of value to you. If you wish any other information, I will be glad to assist you.

Good Luck To You & your staff on your resumption of broadcasting.

Cordially yours,

The Yale Broadcasting Company
